

## Normal maintenance schedule [for Europe (except Russia)]

The following maintenance services must be performed to ensure good emission control and performance. Keep receipts for all vehicle emission services to protect your warranty. Where both mileage and time are shown, the frequency of service is determined by whichever occurs first.

MAINTENANCE INTERVALS	Normal Maintenance Schedule [For Europe (Except Russia)]									
	Number of months or driving distance, whichever comes first									
	Months	12	24	36	48	60	72	84	96	
	Miles×1,000	10	20	30	40	50	60	70	80	
	Km×1,000	15	30	45	60	75	90	105	120	
MAINTENANCE ITEM										
Coolant *1	Replace every 60,000 km (40,000 miles) or 36 months									
Reduction gear oil	-	-	-		-	-	-	-		
Drive shafts and boots	-		-		-		-			
Cooling system	At first, Inspect 60,000 km (40,000 miles) or 48 months after that, Inspect every 30,000 km (20,000 miles) or 24 months									
Air conditioner refrigerant/compressor (if equipped)										
Climate control air filter	-	R	-	R	-	R	-	R		
Disc brakes and pads										
Brake lines, hoses and connections										
Brake pedal	-		-		-		-			

\*1 When the coolant level is low, have the reservoir filled by an authorized Kia dealer by using only designated coolant water for electric vehicles. Using other types of water or antifreeze can cause serious damage to the vehicle.
